

ENVIRONMENTAL POLICY

This Environmental Policy outlines the commitment that Dovercourt Management Corporation, Autotek Electroplating Ltd., and Olympic Coaters Ltd., (hereafter referred to as the “Company”) has put into place.

The Company is committed to the protection of the environment.

The Companies goal is to meet or exceed all federal and provincial legislated environmental standards as well as the environmental standards set by all municipal by-laws.

This goal is accomplished by the implementation of “state of the art” waste treatment equipment, a comprehensive water conservation plan, up-to-date recycling policies, stringent controls and a dedicated commitment of continuous training of qualified personnel.

The Company maintains procedures and instructions in order to maintain all operating equipment and adheres to proper and efficient practices to ensure the environment inside and outside of our facility is protected. The Company will continue to strive to improve environmental philosophies by leading the way in changes that will benefit the environment.

The Companies' environmental commitment is not only senior management’s obligation, but it is the responsibility of all company employees.
